AMENDMENT AND RESPONSE

Honorable Commissioner For Patents
P.O. Box 1450
Alexandria, VA. 22313-1450

Sir:

This paper is in response to the Official Action dated June 30, 2005.

The Applicant elects **Invention II, Claims 1-20**, drawn to an optical fiber sensor device (*i.e.*, an “integrated analytical biochip”).

The election is without traverse. However, the inventor reserves the right to submit claims to Invention I, including method claims 21-33, in a divisional application.

Having thus complied with the restriction requirement made in the Official Action, early and favorable action on the merits is requested.

Respectfully submitted,

BACON & THOMAS, PLLC
